10 February 2012

Dear Sir Bill and Ma'am Blanche Travnik,

Good day, I pray that you and your family are in good health and strong.

I am always very happy and excited when I am receiving a letter from you. But I felt very sorry because I cannot write a letter to you regularly. But still it's better as long as I have a communication with you and I thanked you for that. Since the day you mentioned about Lyda and Kotkot, I always ask my mother if she knows them, Even we haven't had a chance to meet each other. But I hope soon I will be glad to meet them.

You are so lucky for having a good weather in your country. My grandmother told me that there was a time when they had experienced a very cold weather, when they were at their young age. She told me that the cold season usually starts at November until March. They were wearing a sweater and they had to heat the water when they take a bath. But now I haven't experienced that season, although it is cool at night but still we had to use electric fan especially at daytime. They say because of global warming and climate change, which I really don't know what it is.

Last December many typhoons hit some provinces in our country. I felt sad because many died because of floods and landslides. And before Christmas, typhoon Sendong hit the provinces of Cagayan, They were unfortunate because it's Christmas season yet most of them lost their homes and loved ones.

My grandfather's brother-in-law and his son, who is my father's cousin were also members of Knights of Columbus, but I don't know what chapter they belong. I'll ask them next time because we live quite far from them.

It's good to know that you both loved sports and still very strong. I don't know anything about the sports you were telling me. I do play basketball, but only in our place, In fact the basketball ring we were using is just made of wire that we just hang in place on the wall. Maybe at the right age, I will join a formal basketball team.

Thank you very much for the picture of your beautiful grand childrens that you sent to me, are they all sisters? I will also give you a picture of my other relatives soon.

Thank you again for your continued support to me and to St. Vincent Foundation. May the Lord God will give you more blessings and good health.

your Sponsored child,  
John Louie R. Agilada
